

## Login System

This is the login system that is based on SM's Cyberzone which is known for selling quality electronics I mainly focused on their phone retails management.

## Login Wrong Password

This is the prompt when the admin entered the wrong password

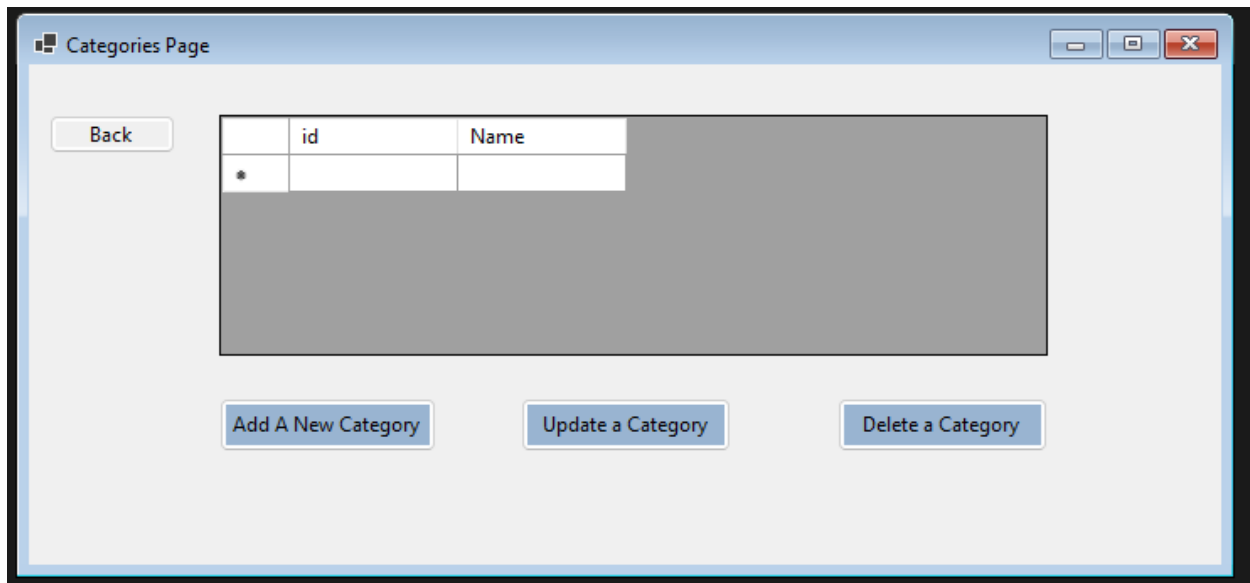

Home Page When logged in

This is what the admins see when they access the admin page

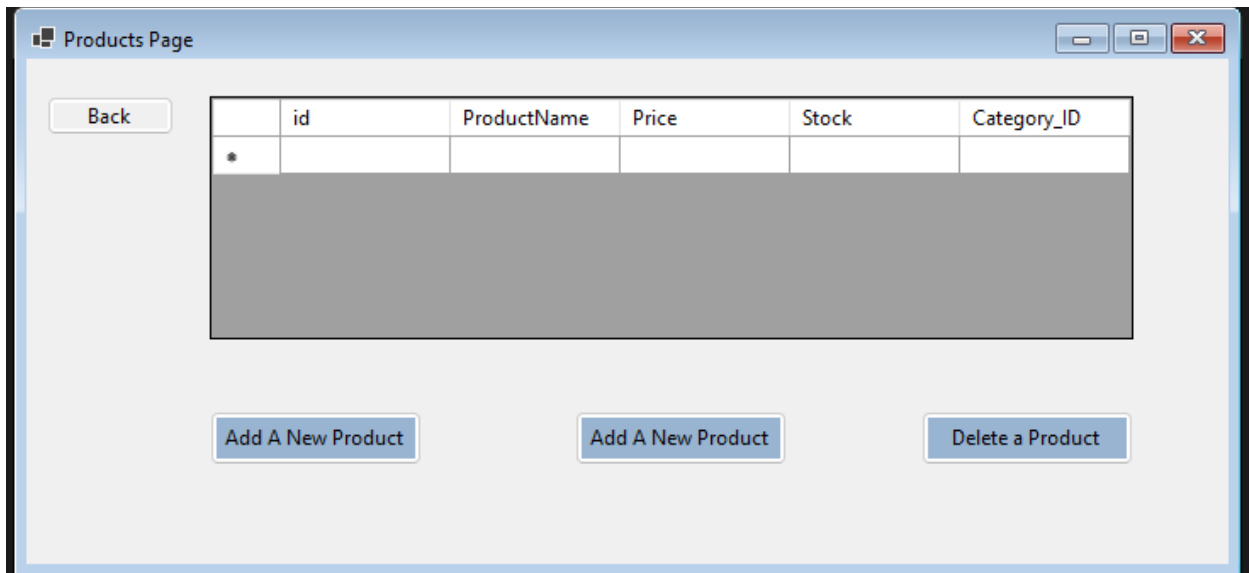

Category Page

This page enables admins to Add, Edit, and Delete Categories in the system

## Products Page

This page enables admins to Add, Edit, and Delete Products in the system

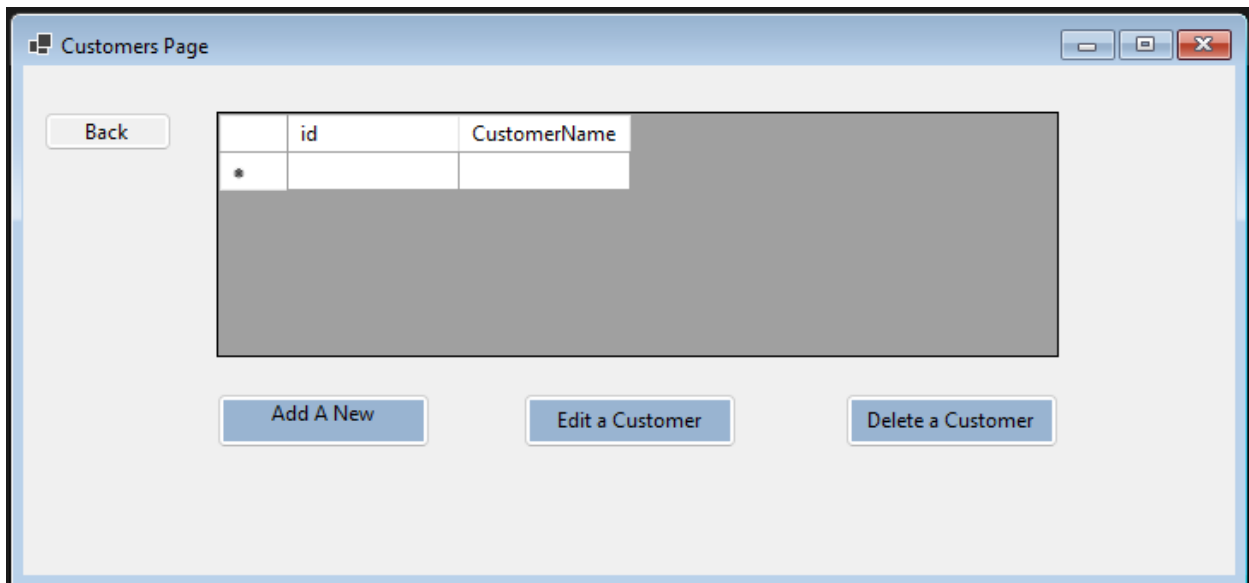

The screenshot shows a web application window titled "Products Page". On the left, there is a "Back" button. In the center, there is a table with the following columns: "id", "ProductName", "Price", "Stock", and "Category\_ID". The first row of the table contains an asterisk (\*) in the "id" column. Below the table is a large gray rectangular area. At the bottom of the window, there are three buttons: "Add A New Product", "Add A New Product", and "Delete a Product".

	id	ProductName	Price	Stock	Category_ID
*					

## Customer Page

This page enables admins to Add, Edit, and Delete Customers in the system

The screenshot shows a web application window titled "Customers Page". On the left, there is a "Back" button. In the center, there is a table with the following columns: "id" and "CustomerName". The first row of the table contains an asterisk (\*) in the "id" column. Below the table is a large gray rectangular area. At the bottom of the window, there are three buttons: "Add A New", "Edit a Customer", and "Delete a Customer".

	id	CustomerName
*		

## Order Page

This page enables admins to Add, Edit, and Delete Orders in the system

The screenshot shows a web application window titled "OrdersPage". Inside the window, there is a "Back" button on the left. In the center, there is a table with the following structure:

	id	OrderID	ProductID	Quantity
*				

Below the table, there are three buttons: "Add A New Order", "Edit an Order", and "Delete a Product".
